

GLENDALE CIVIC CENTER

Glendale, Arizona

The Civic Center will serve as the prominent landmark for the downtown revitalization efforts of the City of Glendale.

CLIENT:
City of Glendale

DESCRIPTION:
Design services for this 31,500 sq. ft. civic center involved extensive public input and involvement, generation of alternative designs and strict budget parameters. The Civic Center is centered between two courtyards and public promenades creating programmable space for public event venues and activities from smaller private functions such as weddings to larger celebrations in garden like settings.
